

LifeShare Mobile App Family Handout Community Information Access

We are pleased to provide an extra-convenient way for individuals with mobile devices to have up to the minute access to what's happening within our community. With LifeShare's Mobile App you can stay connected to information such as activity schedules, scrapbook photos, daily menus, and announcements that are of specific interest.

Users can stay connected and engaged with convenient links that make easy work of finding, emailing, or calling our community, and the app is available for free on the Apple App Store and Google Play (search for "LifeShare Family"). The Mobile App continues to offer convenient one-to-one communications and optimization for families and residents who have LifeShare in-room systems.

A Community Access PIN is needed to log in and view community information. Please contact us to receive the unique Access PIN that will give you access to the information of interest to you!
