

Scheduling Therapeutic Music

1. Log into the CommunityShare administrator site at www.lifesharetech.com
2. Open the "Therapeutic Music" channel under the CommunityShare Tab
3. Click the blue "Add" button in the upper right-hand corner
4. Title the scheduled music program (i.e. Breakfast Music)
5. Select a start time for the music (make sure it does not overlap time with other playlists)
6. Choose how long you would like it to play (up to 120 minutes)
7. Select from the available [types of therapeutic music](#)
8. Then, choose a "purpose" for your music program
9. Choose the genre you prefer

**Remember that choosing WAKE will have nature sound for the first 30 minutes. We suggest you go through ENERGY for normal playlists.*
